New Lifestyle Manager for SPS Lifestyle...

Meet Hannah Winch...

Hannah Joined SPS Lifestyle December and is currently enjoying working on our events Management team.

Hannah enjoys netball, fast cars and dining out along with trips to London...

She is looking forward to organising lots of events this year!!!

Paul Reynolds, founder and Managing Director of Aspire Personal Finance Ltd has been a client of SPS Lifestyle for three years...

Here he tells us why he uses the service and what it provides to him and his family...

What is the best thing about using SPS Lifestyle?

- A. Business- I can keep focused on more profitable activities whilst sub contracting out the more time consuming & less profitable
B. Personal - I can spend time with my family & other people that matter most in my life, instead of wasting time on mundane jobs etc that again can be done by someone else

How many times do you use them a week?

Most days. Their service is 24/7 so I usually just ring or email my requests without any hassle.

How would you describe the service?

Speedy & efficient. Excellent overall

What is the best thing they have organised for you?

My wife's 40th Birthday is the most spectacular. A complete surprise trip for her & 10 best friends. They are also great at last minute arrangements and doing specific research.

How do they benefit your life?

SPS free up my time so that I can do more important things

Who do you think would benefit from using SPS Lifestyle?

Many people - particularly those who lead busy lives. Also those who do or wish to live life to the full.

What would you say to people thinking of using SPS Lifestyle?

When making the most of life normally 3 things come to mind. People, Time & Money. You can choose who to spend your time with but we only have 24 hours in a day - time is limited, the others are within reason unlimited, SPS lifestyle create additional time in your life - that is their magic.

Make your free time a reality...
